Features:

- Supports 10 Gigabit network speeds
- Compatible with Cat6A and Cat7 cables
- Pure copper chip inner core for optimal signal
- Environment-friendly PC shell
- Pass-through design for easy installation
- Three-pronged copper contacts for strong connection
- Compact and durable build with additional outer shielding
- Lifetime warranty
- Includes 100 shielded RJ-45 connectors

Application(s):

- **High-Speed Networking:** Ideal for data centers, server rooms, and offices requiring 10 Gigabit network speeds, ensuring fast and reliable data transfer.
- **Reliable Signal Quality:** The pure copper chip inner core provides superior conductivity, reducing signal loss and ensuring stable connections for large-scale file transfers, VoIP, and video conferencing.
- **Cost-Effective Bulk Pack:** The package of 100 connectors provides great value, especially for large-scale networking projects or companies requiring regular installations, ensuring you always have enough connectors on hand.
