4XEM DVI-A To VGA Adapter Cable - 10FT

4XEM Part- 4XDVIVGA10FT

Experience reliable, high-quality video connectivity with the 4XEM 10ft DVI-A to VGA Adapter Cable. Designed for seamless compatibility, this passive cable easily converts between a DVI-A (17 pin) male connection and a VGA (15 pin) male connection, supporting crisp analog resolutions up to 1920x1200 @ 60Hz. Perfect for connecting legacy displays, monitors, or projectors, this adapter cable ensures dependable performance in a wide range of professional and personal setups.
With bidirectional functionality, you can connect devices confidently, knowing that this adapter cable will deliver clear analog video transmission

DATA SHEET

Features:

- Converts between DVI-A (17 pin) male and VGA (15 pin) male connections
- Supports analog resolutions up to 1920x1200 @ 60Hz
- Passive, bidirectional design for flexible connectivity
- Shielded with aluminum-mylar foil and braid for maximum signal protection
- Nickel-plated connectors for durability and reliable connections
- 10ft length in a sleek black finish—ideal for versatile setups
- Backed by 4XEM Lifetime Warranty and Lifetime Tech Support

Application:

- High-Quality Analog Resolution – Supports crisp visuals up to 1920x1200 @ 60Hz.
- Education & Training – Perfect for classrooms, lecture halls, and training rooms that still rely on VGA projectors or monitors. Allows schools to extend the life of legacy equipment while integrating with newer DVI-A devices.
- For Business & Office Environments – Ideal for conference rooms and office setups where different display technologies need to work together. Ensures smooth presentations without compatibility issues between older projectors and newer computers.
