4XEM USB 3.0 5-in-1 Ethernet, USB-A and USB-C Docking Station with Power Delivery and 2FT extended cable

4XEM Part- 4XHBC058

Introducing the 4XEM USB-C 3.0 5-in-1 Ethernet, three USB-A ports and one USB-C power delivery port Docking Station, a versatile solution for enhanced connectivity and seamless productivity. Backed by a robust 2-year warranty, this docking station is engineered to deliver reliable performance and convenience. The sleek and durable aluminum shell houses advanced technology, featuring a USB Type-C host bus for high-speed data transfer at 5Gbps.

With three USB 3.0 Type-A ports, which all meet 5Gbps data speeds, this docking station effortlessly expands your device's connectivity options, ensuring you can connect multiple peripherals with ease. The integrated Realtek RTL8153B chipset enables rapid network connectivity with the RJ-45 port supporting speeds of 10/100/1000Mbps. The USB-C port offers lightning-fast charging thanks to its 100W power delivery capabilities.

The compact and lightweight design of the docking station makes it highly portable, and the fixed attached USB Type-C cable, measuring 5.9 inches, ensures a hassle-free setup. This hassle-free set-up makes it a great solution for work or personal transfer of photographs or video files as well as quick Internet connection on the go. Upgrade your connectivity experience with the 4XEM USB-C 3.0 5-in-1 Docking Station – the perfect blend of functionality, durability, and style. Whether you're at home, in the office, or on the go, stay connected and enhance your workflow effortlessly.
