

4XEM 4-Port DVI Video Splitter 1920×1200

4XEM Part- 4XDVI4

Split the signal from one DVI output device into two using 4XEM's 4-Port DVI Video Splitter (4XDVI4). Just plug-in the DVI cable from your computer's DVI output to the video splitter's input and connect each monitor to the splitter directly. The 4XDVI4 has a high bandwidth of 350MHz to support high quality video and resolution of up to 1900×1200. It's also daisy-chainable to support more monitors. Display your video masterpiece on multiple DVI compatible monitors. Great for retail displays, trade shows, etc.

Features:

- HD resolution
- Quick to install
- Split CATV and other signals with this satellite splitter so that it can be used for more than one device
- Supports up to 350 MHz frequency
- Cuts cost for using expensive long distance transmissions
- No loss of signal

Applications:

- Quad Display Output: Distribute one DVI video signal to four monitors simultaneously for consistent, mirrored output.
- High-Resolution Clarity: Supports up to 1900x1200 resolution, delivering crisp and detailed visuals across all screens.
- Professional Presentation Tool: Ideal for classrooms, conference rooms, and training facilities requiring multi-display setups.
- Digital Signage Expansion: Perfect for broadcasting content across multiple displays in retail, hospitality, or lobbies.
- Control Room Applications: Enables efficient monitoring and status display on multiple DVI-compatible screens.
