

4XEM HDMI to VGA 10FT Cable with USB Audio

4XEM Part- 4XHDMIVGA10FTU

4XEM's HDMI to VGA cables are perfect to re-purpose and connect your tech spaces. Our innovative and easy to install cables remove the hassle of adding multiple adapters to convert HDMI devices to VGA monitors. The cable is compatible with any HDMI or VGA supported/enabled device. This includes certain computer systems like LENOVO, and DELL. The additional USB audio allows for even greater connectivity and networking between devices, while also decreasing the need for other cables by your stations. Network easily and efficiently with 4XEM's HDMI to VGA cables.

Problem it solves: De-clutter your tech space while increasing your network capabilities. 4XEM's HDMI to VGA cables make it easy to connect your HDMI devices to your VGA monitors.

Features:

- Active, unidirectional conversion (HDMI → VGA only)
- Built-in USB Type-A for audio support
- 10 ft (3.05 m) main cable + 17 in (435 mm) USB audio cable
- Durable PVC jacket, aluminum-mylar foil with braid shielding
- Nickel-plated connectors, CMG-rated (general purpose)
- Lightweight design: 7.55 oz (214 g)
- Lifetime warranty

Application

- Education & Training – Connect modern laptops to older VGA projectors with ease, saving schools money and ensuring hassle-free classroom presentations.
- Corporate & Business – Streamline meetings by bridging HDMI laptops with VGA conference displays, while reducing clutter and cable mess.
- IT & Tech Support – Ensure compatibility across mixed-device environments with stable, reliable signal conversion that reduces downtime.
- Government & Public Sector – Maximize budgets by extending the life of existing VGA infrastructure with a secure, durable cable solution.
- Home & Personal Use – Enjoy a bigger screen experience by connecting HDMI devices to VGA monitors, with a lightweight cable that's easy to carry anywhere.
